

PATIENT AND FAMILY ROUNDS

EXECUTIVE

Listening, not writing is the key to success with this tool.

Questions	Answers	Follow up required
How are we doing managing your pain?		
Are your caregivers washing their hands every time before touching you?		
Is there anyone I can recognize for making you feel safe? Please tell me how they did this.		
How did the staff check your side/site before surgery/procedure?		
You're on fall precautions. Can you tell me about that?		
How are we doing at explaining your plan of care?		
Do you have any safety concerns?
